ABOUT US

The Genoteq Pte Ltd was incorporated and established in Singapore to specialize in high quality commercial and domestic garden landscaping, design and maintenance.

It is our vision to be recognized as the foremost garden landscaping company in Singapore and its surrounds, and to be the landscape company of choice for landscape professionals to work for or alongside.

Our mission is to provide a highly creative garden landscape design service to both the domestic market and business communities in Singapore, by providing highly efficient garden landscaping services that totally meet client needs and are sensitive to the environment.

POTS AND PLANTERS

Every plant has their own distinct characteristic and feature and in order to bring out the look of the luscious plant; we are able to match them with pots and planters of our liking to bring a new flavor to complement both the plants and pots to give them a unique trait be it indoors or outdoors.

GARDEN ESSENTIALS

Garden essentials covers a wide range of products including ergonomic tools, insect repellents, plant stakes, fertilizers, soil seeds and bulbs almost just about any garden requirement are found in our garden essential category. We also have bought in a comprehensive set of garden accessories that you can design and customize your own garden like a professional!

WATER-FEATURES

Often, we have forgotten the scene sound of water as it trickles down from a stream; the water-feature can also achieve the same effect where it allows users to relax and unwind after a hard day at work. The tranquility and peace that it brings cannot be quantified.

OUTDOOR FURNITURE

Well placed outdoor furniture in a garden is an important aspect to a successful landscape planning. We have a series of outdoor furniture that helps to achieve that goal. From sizes to materials, we are able to find you the best fit for your garden.

DESIGN REBUILD

Genoteq offers a proven track record of creative, quality landscape design. Homeowners who have followed our design/build approach find it not only produces a better landscape environment, but often saves them money.

Our designers are constantly challenged to find something wonderful, new and different in their designs. Our emphasis is on constant quality, but we also appreciate the colorful twist and turns that go along with creating a beautiful environment. From start to finish, we work with you from the initial design to the completion of the project.

LANDSCAPE MAINTENANCE

Genoteq will maintain all respects of your exterior maintenance and provide you with a reporting system that will keep you up to date on the condition of your property. We will monitor the health of your landscape as well as offer our ideas on how to enhance your overall landscape for the long term.

Our team of specialist has a rich experience in maintain office, parks, corporate campuses, retail spaces, multifamily residential, industrial parks, hospital and schools.
